## **DETAILED ACTION**

### ***Allowable Subject Matter***

**Claims 1-4, 6-13, and 15-30 are allowed.**

The following is an examiner's statement of reasons for allowance: the prior art does not disclose or suggest the additional area of first and second core material being positioned so as to substantially avoid optical coupling with the first waveguide core or the second waveguide core as set forth in claim 1; and a corresponding area of upper cladding surface forming a flow-director for an embedding medium applied to the first planar waveguide or the second planar waveguide as set forth in claim 30.

The reasons for allowance of claims 28 and 29 are greatly discussed in previous Office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
